

Overview

An HIV/AIDS awareness resource offering science-backed information and interactive features to help understand how to prevent infection and how to live with HIV/AIDS.

Details

HIV RAP Interactive is divided into four sections:

1. **HIV/AIDS 101:** An overview of the epidemic's history and information on how HIV and AIDS are transmitted.
2. **Preventing HIV/AIDS:** A guide to making the right choices to prevent contracting HIV/AIDS.
3. **Getting Tested:** An overview of the testing process, including a short survey to assess your own risk of contracting HIV/AIDS.
4. **Living with HIV/AIDS:** A guide to HIV/AIDS treatment and how to deal with personal relationships.

Each section contains text, video, interactive games, and suggestions for further reading to help you learn more about HIV/AIDS.

HIV RAP Interactive is available in four languages:

- English
- Spanish
- Portuguese
- French
